PROUDLY MADE IN THE USA

ACCOR® TECHNOLOGY

The pioneer of polymer valve technology, ACCOR® Technology, started the push-fit revolution in 1988 and is still leading it today. With the proven reliability and superior gripping power of FLOWTITE® Technology at the core of the complete home plumbing FLOWTITE® Connect System, ACCOR® Technology engineers continue to innovate. When every connection counts, you can see why the pros trust the push-fit leader.

FR BOX™

PART OF THE *Flow*Tite® CONNECT SYSTEM

SEALED IN-BOX VALVE -TO-PIPE CONNECTIONS

Fire Rated Washing Machine Box

PRE-INSTALLED FIRE RATED PAD
The one & two hour fire rated pad is conveniently located inside the box, so the Listings and Approvals are visible before and after installation.

IN-BOX CONNECTIONS
Eliminates costly water damage from hidden in-wall leaky valves.

PRE-INSTALLED FLOW-TITE VALVES
With superior gripping power of proven, patented FLOW-TITE® Technology inside.

JOB-SITE ADAPTABILITY
Intelligent design adapts to various job installation requirements with three way mounting.

WASHING MACHINE BOX
Washing machine outlet box configurations include arresters, condensation funnels and water softener funnels.

ICE MAKER BOX
One-Piece ice maker outlet box comes with factory attached 84" flexible connector.

DESIGNED & BUILT TO PREVENT THE SPREAD OF FIRE & IN-WALL LEAKS

Fire Rated Ice Maker Box
*Flow*Tite®
CONNECT SYSTEM

ONE-PIECE SUPPLY STOPS
Engineered to eliminate potential joint leaks and provide faster job-site times with pre-ordered One-Piece options for fast tool-free installations. One valve works on PEX, Copper, and CPVC. Polymer or Metal. Push-fit, Crimp or Expansion.

PIPE FITTINGS
Transition between all types of pipes, PEX, Copper, and CPVC. Built with trusted Flowguard Gold® construction and the proven reliability of FLOWTITE® Technology inside for fast tool free installations.

OUTLET BOXES
Valve-to-pipe connections fully sealed in box eliminates potential in-wall water damage and costly repairs. Intelligent design adapts to various job installation requirements.

COMPRESSION VALVE REPLACEMENT
Compression supply stop replacement without removal of old brass ferrule and in-wall repairs. One valve works on Copper and CPVC. Engineered to eliminate potential joint leaks and provide faster job-site times.

Built on the proven reliability, non-corrosive and superior grip strength of FLOWTITE® Technology.

PIPE-TO-FIXTURE CONNECTION SYSTEM

FUTURE-READY ENGINEERING

Engineered with the future in mind, the FLOWTITE® Connect System is designed to provide a single-source, pipe-to-fixture connection solution that safeguards the life-span integrity of home plumbing systems. In anticipation of what tomorrow brings, from new installations, renovations, fixture upgrades, maintenance, and connecting old pipe to new pipe – the FLOWTITE® Connect System is the best choice for builders, remodelers and service plumbers.

PROVEN RELIABLE

The entire FLOWTITE® Connect System is built on the proven reliability, non-corrosive and superior grip strength of FLOWTITE® Technology inside. The solution combines the time-saving innovation of FLOWTITE® One-Piece Supply Stops with the game-changing adaptability of the all new FLOWTITE® Pipe Fittings. FLOWTITE® Connect System's future-ready plumbing provides the highest level of complete system reliability, job-site adaptability and consistently faster installation times through every phase of the home's plumbing system lifetime.
FLOWTITE®
TECHNOLOGY INSIDE

Established in 1988, FLOWTITE® Technology is inside over 50 million valves installed in new homes. The proven reliability and superior gripping power of FLOWTITE® Technology is at the core of the intelligent plumbing products that make up the FLOWTITE® Connect System. Trusted by the pros and engineered throughout to improve job-site efficiencies and reduce liabilities.

INNOVATIVE TECHNOLOGY
Innovative, common-sense solutions plumbing pros demand.

MADE IN THE USA
Made with pride and top quality control in Washington State.

STATE-OF-ART AUTOMATION
The toughest inline testing standards in the industry.

BEST WARRANTY IN THE INDUSTRY
Proven reliability backed by 10-year warranty.

OVER 50 MILLION INSTALLS
Trusted by pros. Over 50 million valves installed in new homes.

ELIMINATES POTENTIAL JOINT LEAKS

The FLOWTITE® One-Piece Supply Stop is engineered to eliminate potential joint leaks with the proven superior grip strength of patented FLOWTITE® Technology inside.

FASTER JOB-SITE TIMES

Improves job-site efficiencies, saving up to thirty minutes per installation versus the competitor's put-it-together kits. Factory-attached risers are ordered in varying lengths and fixture connection options – for fast tool-free installations.

ONE VALVE WORKS ON ALL PIPE

Designed for new construction and clean pipe installs on PEX, CPVC or Copper pipe.

OPTIONS AVAILABLE:

Clean White Look
Oil Rubbed Bronze Look
Chrome Look

EXPANSION & CRIMP

FLUSH TO WALL INSTALLATION

Eliminates unsightly long stub-outs

REMOVEABLE AND REPLACEABLE

Twist off to remove valve. Replace without cutting pipe.

PROVEN UDEL® EXPANSION COMPONENT MATERIAL

Same dependable material used by Uponor® for in-wall expansion fittings.

FASTER JOB-SITE TIMES

Improves job-site efficiencies, saving up to thirty minutes per installation versus the competitor's put-it-together kits. Factory-attached risers are ordered in varying lengths and fixture connection options – for fast tool-free installations.

OUTLET BOXES

DECREASED LIABILITY
FLOWTITE® 4ALL® BOX is the only outlet box with no in-wall, valve-to-pipe connections. Fully accessible connections, fully sealed in box eliminates potential in-wall water damage and costly repairs protecting the builder, plumber and homeowner from costly repairs.

PROVEN, FLOWTITE® TECHNOLOGY INSIDE
Engineered to connect fully accessible FLOWTITE® Valves to pipe inside the box with a secondary O-Ring sealing the box to the pipe.

JOB-SITE ADAPTABILITY
Flexible to adapt to job installation needs with 3-way mounting. Valve mounts top or bottom. Available as valve only or with patented polymer/stainless steel hybrid arresters.

WASHING MACHINE & ICE MAKER BOXES
Washing machine outlet box configurations include arresters, condensation funnels and water softener funnels. One-Piece ice maker outlet box comes with factory-attached 84" flexible connector.

FIRE RATED OUTLET BOXES

DECREASED LIABILITY
FLOWTITE® 4ALL® BOX is the only outlet box with no in-wall, valve-to-pipe connections. Fully accessible connections, fully sealed in box eliminates potential in-wall water damage and costly repairs.

FASTER JOB-SITE TIMES

QUALITY ASSURANCE

TEN YEAR WARRANTY INCLUDES LABOR

Only FLOWTITE® Supply Stops have the superior grip strength of proven patented FLOWTITE® Technology inside. With over 50 million valves installed since 1988, FLOWTITE® is trusted by builders and plumbing pros. Manufacturing in the USA allows the most rigorous daily quality control test standards of any other manufacturer, which is why we back our products with the industry's best warranty – 10 years with included labor.

LIMITED 10 YEAR WARRANTY

DESIGNED & BUILT TO PREVENT THE SPREAD OF FIRE & IN-WALL LEAKS

ACCOR's patented FLOWTITE® Technology enables the attachment of our proven, FLOWTITE® valves to the pipe INSIDE the 4ALL® BOX and a secondary O-Ring seals the box to the pipe. This unique design eliminates in-wall (outside box) valve-to-pipe connections protecting the builder, plumber and homeowner from costly concealed water damage. And we back our Made-in-USA valves with a written 10-year warranty.

REPAIR-SERIES®
COMPRESSION VALVE REPLACEMENT

REPLACE:

USE ON:

Reinforced Polymer Nuts with EPDM Seal

Reinforced PVC or Braided Connectors

Internal Stainless Steel Gripper Rings with Twist-Off Feature

Installs Over Old Brass Ferrule

Provided Escutcheon

Internal EPDM O-Ring Seal

Superior Stainless Steel Crimp

No-Stick Push-Pull Handle Operation

ELIMINATES IN-WALL REPAIRS

INSTALLS OVER OLD FERRULE
The only supply stop valve that installs over old brass ferrule on COPPER and CPVC.
SAVES TIME AND MONEY
No in-wall repairs and no old brass ferrule removal saving substantial time and labor.

ONE-PIECE ADVANTAGES
Engineered to eliminate potential joint leaks and provide faster job-site times with pre-ordered options and tool-free installations.

QUALITY ASSURANCE
USA manufacturing and quality control with 10 year warranty that includes labor.

CAUTION

Flux contains corrosive chemicals that can damage plastic & metal components. DO NOT ALLOW FLUX TO COME IN CONTACT WITH PUSHON® PRODUCTS. Do not use bleach, cleaners containing acid, or any other corrosive chemicals on PUSHON® products. ACCOR Technology, Inc. does warrant any failure due to faulty installation or abuse, stress condition, excessive water hammer, over torque, damaged or defective pipe, exposure to below freezing conditions, excessive heat and/or corrosive chemicals and/or other destructive materials.

ACCOR TECHNOLOGY www.accortechnology.com 1-800-447-5848

FlowTite®

FREIGHT

FREIGHT TERMS: All shipments are F. O. B. shipping point. Shipments from factory less than $3,500 U.S. are F. O. B. factory. Factory shipments of $3,500 and over within the continental U.S. will be prepaid and allowed when made at the lowest motor carrier transportation rate. "F. O. B. shipping point" or "F. O. B. origin" indicates the buyer takes responsibility for the goods when the goods leave the seller's premises.

TERMS OF SALE

All sales are F. O. B. shipping point.

PAYMENT TERMS

Invoices are due and payable 30 days from the date of the invoice. A 2% cash discount is allowed on the net amount of the invoice if paid within 10 days of the invoice date. Postmark on the envelope will be considered the date of the check. Discounts are not allowed on freight or surcharges.

GENERAL

All discounts are for orders shipped to one destination.

PRICES

All prices subject to change without notice. Orders will be invoiced at prices at time of shipment. A 5% surcharge will be added to orders of less than carton quantity.*

RETURNS

Any return of any products must be approved by ACCOR Technology, Inc. and issued Return Goods Authorization number (RGA). Absolutely no returns will be accepted or replaced without an RGA#. Products which are obsolete or made to order CANNOT be returned. ACCOR reserves the right to deny any RGA request of non-defective product. Approved requests will include a service charge of 25% of the net purchased price of the goods plus all transportation expenses. Loss and/or damage claims must be reported within 5 days of receipt of order. Material returned with our consent will be replaced less the value of the freight and 25% handling charge.

CORROSION FREE, LEAD FREE AND CERTIFIED HEALTH SAFE

FLOWTITE® innovative design eliminates internal and external corrosion while introducing a clean look for today's modern homes. ACCOR valves are certified to health standards requested by the EPA and adopted by ANSI.

Certified to NSF/ANSI 61
Section 9

CODE ACCEPTANCE

FLOWTITE® supply stops are IAPMO and NSF listed and meet requirements of UPC, IPC and NPC of Canada and other state and local codes. Manufactured in accordance with ASME A112.18.1/ CSA B125.1 and NSF/ANSI 61. ASME A112.18. ARRESTOR STANDARD, PUSH-FIT STANDARD.

FlowTite®

RELIABLE CONNECTIONS

10-YEAR LIMITED WARRANTY

ACCOR® Technology, Inc. warrants to the original consumer purchaser that FlowTite® supply stop valves shall be free from defects in material and workmanship for a period of 10 years in residential use or 1 year in commercial use from the date of purchase as shown on purchaser's receipt.

In the event that this product fails to function during the warranty period due to proven defects in material or workmanship, ACCOR will pay to the consumer the prorated reasonable cost including labor, of removing the defective valve and replacing it with a new FlowTite valve.

This will be the only remedy available to the consumer for defective FlowTite® valves. In no event will ACCOR be liable for damages caused by installation, re-installation, repair or replacement, incidental and consequential damages or damages to property, its contents or its occupants. This warranty is void when valves are used on pipe that does not meet the specifications or otherwise conform to ASTM standards for copper, CPVC or PEX pipe.

Some jurisdictions do not allow the exclusion or limitation of incidental or consequential damages in which case, the above limitations may not apply. In the event of a dispute as to whether a product defect exists, ACCOR shall have the right to have the valve inspected by a third-party inspector at ACCOR's expense. In such case, the consumer shall produce the valve within 20 days of written request from ACCOR. Failure to do so shall void any warranty.

ACCOR assumes no responsibility for any failure of the valve due to faulty installation, abuse, unreasonable stress condition, excessive water hammer, over torque, damaged, defective or out of spec pipe, or exposure to freezing conditions, excessive heat and/or corrosive chemicals and/or other destructive materials.

The Warranty specified above is an exclusive warranty of ACCOR Technology, Inc. pertaining to FlowTite® supply stop valves and is in lieu of all other warranties including the implied warranties of merchantability of fitness for a particular purpose.

The warranty gives you specific legal rights and you may also have other rights which vary from state to state.
